### Students@SC Program Supporter Opportunities

The SC19 conference is broadening its mission to build a strong and diverse HPC student community at both the undergraduate and graduate levels, through professional development programs, opportunities to learn from mentors, and engagement with SC's technical sessions. By encouraging a strong student community centered around HPC, the Students@SC Program helps ease the transition into the broader professional community.

### Supporter Designation

Each investment level has the option to designate funding to support the Student Volunteers Program, Student Cluster Competition Program, Mentor-Protégé Program, Student-Post Doc Job Fair.

#### \_\_\_\_\_ I'd like to provide student support at the \$25,000 Platinum level

- o Recognition in SC19 Conference Program
