Escalator Channels: Graphics Specifications OCCC North-South Building - Escalators Down to Main Hall

Escalator channel graphics recommendations:

1. Use large, high contrast elements of imagery and /or text to be most effective. 2. Avoid complex messaging and small text. 3. Suggested Material: Static Cling

Production and Application

Channels between Escalators are divided into 7 sheet metal panels. Graphic should be applied to 5 middle panels as spec'd out above. Can be produced as one piece to fit total graphic area, or in sections.

Proiect **Escalator Graphics**

Location: **OCCC North-South Escalators Down** to Main Hall
