POCKET - 8 COLUMNS × 3 ROWS

PocketMaps Interior With Covers

22 in × 11.7 in / 560mm × 297mm

Before saving your final design to send to PocketMaps, delete the "Template" layer in the Layers Panel.

Cover A

GLUE AREA

Do not hide, edit, or delete!

These white rectangles are required for attaching the covers to your PocketMaps. Don't worry, you won't see them in the final product.

If your design includes background elements that extend to the edge of the paper, we recommend filling the area behind the white for a more seamless design.

Cover B

GLUE AREA

Do not hide, edit, or delete!

These white rectangles are required for attaching the covers to your PocketMaps. Don't worry, you won't see them in the final product.

If your design includes background elements that extend to the edge of the paper, we recommend filling the area behind the white for a more seamless design.
