RSNA Right Now E-Blast

Industry Spotlight

Exhibitor Spotlights

National on-site, teleradiology and hybrid positions. [Radiologist-led group](#). Quality driven. Talk with our leaders. Visit us at Booths 8050 and 1229.

Want to drive sustainable radiology? [Join Philips](#) on Nov. 27 to be inspired by case studies for decarbonizing radiology and learn how to get started.

Don't miss our unveiling event at 10:30 a.m. in Booth 6113. [RSVP here](#) for our Lunch & Learn - Photon Counting: The Next Generation of Neuro CT (Room S403B).

Come and browse many new radiology titles at Booth 1205. Let's discuss your book idea! And don't miss out on your chance to check radiology highlights [here](#).

Logo file: logo files included in emails should be high-resolution .jpg, .png, or .gif file formats with transparent backgrounds. The maximum width of the files should not exceed 620 pixels. All logos will be resized by RSNA Marketing and our vendors to best fit the placement and to ensure consistent sizing. It is highly recommended for sponsors to provide brand guidelines to accompany the logo. Examples of email placements are available upon request.

Sponsored content: 150 characters, including spaces.

Note: placement does not allow for any formatting of text.

Linking URL: provide link and confirm which wording in sponsored content should be linked.

Email logo file, sponsored content and linking URL to sponsors@rsna.org.

Questions? Contact the RSNA sponsorship team at the email address above.
