

Building Intelligent Connections

Annual Meeting: Dec. 1-5 • Technical Exhibits: Dec. 1-4

Daily Bulletin Industry Focus Article - Material Specifications

Background information:

Content is developed by an RSNA writer through editorial interviews with the company designee and centers on the RSNA 2024 meeting theme: *Building Intelligent Connections*. The sponsoring company will have the opportunity to review the articles for accuracy.

- Articles are approximately 500 words
- Sponsor may submit up to three head shots

Note: the quarter page ad to the right of the article is an optional add-on and can be secured for \$3,000. If you have secured this add-on, artwork specifications will be sent to you in a separate communication.

Image Specifications and Guidelines

- Please submit up to three head shots to accompany your article. The head shots should be at least 1.25" (depth at your discretion) at 300 DPI.

Due November 4.

Timeline

1 week	Writer begins contacting company to schedule and conduct interviews
2 weeks	Article drafted, edited by RSNA staff
2 weeks	Company review of article
2 weeks	Final changes and approval
11/4/24	Image due from companies (headshot of article source)

Article must be finalized by November 4.

Network and Get Social During RSNA 2022

With more attendees planning a return to Chicago, RSNA is offering more ways to connect in person and network with colleagues and industry professionals.

Alongside RSNA.org, the meeting app will feature a new networking tool that allows you to connect with colleagues and industry professionals. This tool will provide you with a list of potential networking opportunities, including contact information and a way to reach out.

Don't miss out on this opportunity to connect with colleagues and industry professionals. Sign up for the networking app today.
