- Personalized Health Experience
- Future of Healthcare Pavilion – **NEW FOR HIMSS19!**
- Innovation Live
- Cybersecurity Command Center
- Interoperability Showcase
- Global Pavilion
- University Row

Personalized Health Experience (formerly Solutions Lab)

The Personalized Health Experience explores the next big challenge in healthcare -- how to integrate health technologies into personal care delivery, wellness and daily living. Thoughtfully embedding technology into healthcare will allow providers to focus on the human elements of caring, judgment and emotional intelligence, creating one-to-many care delivery models, rather than the more traditional and overburdened one-to-one model. Connected health technologies -- from wearables to artificial intelligence, and digital therapeutics -- will also enable individuals to better manage their health and wellness, and enable a critical shift to disease prevention.

Product categories:

- Digital Health
- Health & Wellness
- Chronic Disease Management
- Patient Engagement
- Population Health
- Telemedicine
- Precision Medicine
- Genomics

Participation Options include:

- Turnkey kiosk
- Thought leadership speaking opportunities
- Meeting Pod
- Reception sponsorships
- Start Up Kiosk

Investment: \$2,750 - \$38,500
